

## BPP - BATTERY POWERED HYDRAULIC PUMP

Working pressure 700 Bar

Lightweight design

14.4V long life battery

The Hi-Force BPP107 battery powered hydraulic pump is designed for operator convenience in terms of handling and power supply. Driven by a powerful 14.4V long life battery the unit takes away the physical effort required by a manually operated hand or foot pump, whilst at the same time eliminating the need for an external power source. The pump is supplied with a shoulder strap and its ergonomic lightweight design (8.0 kg) makes the unit very portable and user friendly. The pump incorporates an automatic pressure relief and release valve meaning that the pressure automatically relieves once the pump reaches its maximum pressure of 700 Bar, making the pump ideal for use with Hi-Force CH series crimping tools, NS series nut splitters, HCH cutters and HKP series knockout punchers.

Model number	Max working pressure	Oil Cap litres	Oil Flow litres/min		Weight kg	Dimensions in mm		
			1st stage	2nd stage		Length	Width	Height
<b>BPP107</b>	700 Bar	0.7	0.5	0.15	8.0	355	160	260

**Note:** CU220 is supplied with the tool as standard. If you require CU110 charger, this needs to be ordered separately.

Tools CANNOT be supplied without the standard CU220 charger.

### ACCESSORIES

Model No	Description
<b>BP144</b>	Battery Pack 14.4V
Note: Charger supplied separately	

Model No	Description
<b>CCU144</b>	Car cigarette lighter charger unit

Model No	Description
<b>CU110</b>	Charger 110V
<b>CU220</b>	Charger 220/230V

Model No	Description
Power supply to operate unit directly from mains	
<b>MP110</b>	110V
<b>MP220</b>	220/230V
